

Product Description

Xylene is a solvent – based compound for thinning down and cleaning up Insulmastic solvent – based sealers.

Uses

Xylene can be used for thinning Clearcoat or Clearglaze when spray equipment is used. Xylene is ideal for cleaning tools, equipment, and oversprayed surfaces that have been in contact with solvent- based sealers. Always do a small test area on oversprayed areas to ensure compatability.

Advantages

Xylene is ready to use and compatible with Insulmastic solvent – based compounds.

Limitations

Use only with solvent – based products. Do not use on vinyl siding or plastics.

Caution

Danger. EXTREMELY FLAMMABLE.
Harmful or fatal if swallowed. Vapour harmful. Use under well- ventilated conditions.

First Aid Treatment

If swallowed, call physician or Poison Control Centre immediately. Contains Xylene.
